

South Australia's Premier Digital Event = Digital Magic – Adelaide Oval 6th May 2016

Digital Magic is the immeasurable pleasure that you can get when your 'Digital Assets' are being managed and flowing seamlessly and effortlessly throughout your organisation. Plus you can get your 'Information on Demand' whenever and however you wish!!!

Key Note Speaker = Kate Fuelling (Lime Solutions) with the topic 'Postcards from the Edge' presentation along with a Digital Magic Workshop

Kate is a digital information management professional. It's her job to advise clients on enterprise digital systems, governance, frameworks and tools. Earlier this year the time came for Kate to live what she preached – she gave up her handwritten notes, and reliance on paper in general, and truly 'worked digitally'.

A full day of 'Digital Magic' is planned with presentations from:

- City of West Torrens, Di Colls & City of Playford, Denise McGarrigle) – Digital Dreams in Local Government
- State Records SA – Digital Continuity – Simon Froude, Director
- The Office of Digital Government – Digital Innovation, Embracing New Ways of Thinking and Doing, Aron Hausler, Senior Digital Strategist
- Plus more presentations from Ezescan and other professionals – our Digital Dash = more speakers in shorter time frames (greater variety for all)

This event is open to all levels of Government and the Private Sector and will suit RIM & ICT Professionals along with business managers who want to improve their digital programs and processes.
